I. Principal's Report

- ELA and Math test prep is underway. We have support from the district. Rep from Superintendent's office is here weekly. We are on target for our instructional focus. Compared to September we have made strides and accomplished some goals.
- Our attendance is poor. We need to make a push to all of the parents to let them know that their children need to be in school.
- The Saturday program is underway. It has been expanded to reach children on a social level. An ELL program for children and adults is also taking place for free on Saturdays.
- We must remain vigilant with the students as the weather changes. Parents are being asked to pick up their children on time.
- A commercial will be released to promote our school. We must grow the population.
- The interior of the school will be getting an upgrade. Decorations and decals have been ordered to improve the schools' appearance.
- An electronic sign will be purchased for the outside of the school building. A mural is being planned for the outside of the building. We are looking into getting the lawn and plants in the front of the school redone.
 - Question was asked (Ms. Lee) about having enough money for out of classroom staff for next year. Mr. Young states he is doing the absolute best he can to try to get us additional staff for drama and music.
 - Question was asked (Ms. Lee) about using robocall for absent students. Mr. Young suggested paying teachers per session to make phone calls to homes after school hours.
 - Question was asked (Ms. Fuller) if our student lateness numbers have improved from Sept. Mr. Young indicated that our numbers are improving and we are seeing less and less late children.
